1:43

1:18

Real passion always feels genuine.

There is just as much passion, creativity and **technical expertise** in each individual miniature model by Mercedes-Benz as there is in its large inspiration – and up to 18 months development time.

The goal is **100 % authenticity** – from the vehicle design to the series-typical equipment features. Here the state-of-the-art CAD technology helps us just as much as the inexhaustible dedication to detail of the many specialists involved does. From the development of the proportional, completely consistent basic shape to the most meticulous comparison of a windshield wiper or outside mirror, CAD designers and modellers work hand in hand – until even the smallest parts correspond with the unmistakable design idiom of the original.

The dynamic energy of a spoiler, the ingenious design of the vent grille or the delicate creation of the operating elements in the cockpit – everything that makes the original so fascinating is **expressed in the model**. What applies to design and function naturally also applies to the painting in an **authentic colour shade** with perfectly positioned light-catching contours.

A model car by Mercedes-Benz is not just a scaled-down version of the original. It's a miniature work of art that immediately allows you to feel the great emotion of the brand. Experience fascination and pure passion with more than **300 real collector's** items by Mercedes-Benz. In this catalogue and from your authorised Mercedes-Benz dealer.

November 2017. Please note: changes may have been made to the products since this brochure went to press (11/2017). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure is distributed internationally. It provides a general indication of the range of models, features, optional extras and/or colours available in various countries. Some of the models, features, optional extras and/or colours shown may not be available in your country or may only be available in a different specification. Additionally some models, features, optional extras and/or colours may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras and/or colours available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz Passenger Car Dealer.

Delivery only while stocks last.
