

Mercedes-Benz Financial Services

# Unlimited Kilometre Lease

## Unlimited Kilometre Lease

Offered for both New and Pre-Owned vehicles up to eight model years old, the "unlimited kilometre" (or Open-End) lease [5] allows you to make a set number of monthly payments for a variety of monthly terms. Your payment amount depends on the vehicle you choose, the length of your lease term and the applicable interest rate.

At the end of an Open-End lease, you are responsible for the value of the vehicle. You may be required to make an additional payment to cover the difference between the actual value of the vehicle at lease end and the residual or lease-end value agreed upon at lease signing. However, if the actual value of the vehicle is more than the value on your lease, then you are entitled to the difference. Actual value refers to the net sale proceeds that Mercedes-Benz Financial Services receives upon disposition of the vehicle.

This added obligation of an Open-End lease is offset by a lower monthly lease payment and the elimination of kilometrage restrictions!

[5] Available for commercial customers only. Not available in the provinces of Quebec or British Columbia. [
