To The Owner

General

The subsequent pages of this Warranty Information guide describe some service requirements and the warranties you receive as a Mercedes-Benz owner.

Your vehicle is covered under the terms of these “Warranties” and your Authorized Mercedes-Benz Dealership will exchange or repair any defective parts in accordance with the terms of such warranties within stated limits.

Replacement Parts For Your Mercedes-Benz

Genuine Mercedes-Benz parts, exchange units and factory approved accessories are the recommended replacement parts for your Mercedes-Benz vehicle and are available through your Authorized Mercedes-Benz Dealership.

These parts meet the same exacting quality control standards as the original equipment on your vehicle and comply with all applicable Federal and Provincial safety regulations. Mercedes-Benz does not warranty non-Mercedes-Benz parts, units and accessories and their use may affect warranty coverage for certain repairs relating to such parts, units and accessories.

Consult your authorized Mercedes-Benz Dealership for warranty and other details. Also ask your Dealership about exchange parts under the Mercedes-Benz Exchange Program. These parts cost less than new parts but carry the same warranty terms.

Québec Warranty of Availability Exclusion – Mercedes-Benz Canada Inc.

To the fullest extent permitted by law and in accordance with Québec's *Consumer Protection Act* (CQLR, c. P-40.1) (the "Act"), MBC does not guarantee the availability of vehicle replacement parts, vehicle repair services, or information necessary to maintain or repair vehicles.

The above exclusion does not affect the application of the New Vehicle Limited Warranty, Extended Limited Warranty or the contractual warranty applicable to genuine Mercedes-Benz replacement parts.

MBC remains committed to meeting its customers' vehicle parts, service and information needs. Please contact your preferred Mercedes-Benz dealer or the MBC Customer Assistance Centre at 1-800-387-0100 or online at [Customer Support | Mercedes-Benz Canada](#) regarding any requests for support.

Additional information may be found at:

Replacement Parts: <https://www.mercedes-benz.ca/en/owners/genuine-parts>

Repair Services: <https://www.mercedes-benz.ca/en/owners/service-maintenance>

Information Necessary to Maintain or Repair Goods: <https://www.mercedes-benz.ca/en/owners/service-maintenance/technical-information>

Access to Vehicle Data

Vehicle data for purposes of diagnostic, maintenance or repair may be obtained via the vehicle's onboard diagnostic system. For such purposes, additional data may also be accessed via an independent service provider that subscribes to Mercedes-Benz proprietary diagnostic systems, or through your preferred authorized Mercedes-Benz dealer. These parties may charge fees for their services.

New Vehicle Limited Warranty – Basic Coverage

THIS IS THE ONLY WARRANTY GIVEN WITH THE PURCHASE OF A MERCEDES-BENZ VEHICLE TO THE EXTENT PERMITTED BY STATUTORY LAW, THIS WARRANTY IS SUBJECT TO THE LIMITATIONS PROVIDED THEREIN AND THERE ARE NO OTHER REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHER. NEITHER MERCEDES-BENZ AG, NOR THE AUTHORIZED MERCEDES-BENZ DEALER ASSUMES OR AUTHORIZES ANY OTHER PERSON TO ASSUME FOR THEM ANY OTHER LIABILITY IN CONNECTION WITH SUCH VEHICLE. NO PAYMENT OR OTHER COMPENSATION WILL BE MADE FOR INDIRECT OR CONSEQUENTIAL DAMAGE SUCH AS, DAMAGE OR INJURY TO PERSON OR PROPERTY OR LOSS OF REVENUE WHICH MIGHT BE PAID, INCURRED OR SUSTAINED BY REASON OF THE FAILURE OF ANY PART OR ASSEMBLY WHICH MAY BE REPAIRED OR REPLACED IN ACCORDANCE WITH THE TERMS OF THIS WARRANTY.

Some provinces do not allow the exclusion or limitation of incidental or consequential damages or limitation on how long an implied warranty lasts, so the above limitation may not apply to you.

Items which are covered:

Defects: Mercedes-Benz AG (“**Mercedes-Benz**”) warrants to the original and each subsequent owner of a new Mercedes-Benz vehicle that any authorized Mercedes-Benz Dealership will make any repairs or replacements necessary to correct defects in material or workmanship, but not design, arising during the warranty period.

Mercedes-Benz’s administrator for warranty claims in Canada is Mercedes-Benz Canada Inc. (“**MBC**”).

Any Authorized Mercedes-Benz Dealership: To make a warranty claim you must present your vehicle to an Authorized Mercedes-Benz Dealership so a diagnosis of your vehicle can be performed to determine whether it is necessary to correct a defect in material or workmanship. Any Authorized Mercedes-Benz Dealership will perform warranty repairs or replacements. The vehicle should be delivered to an authorized Mercedes-Benz Dealership during normal service hours. A reasonable time should be allowed after taking the vehicle to an Authorized Mercedes-Benz Dealership for performance of the repair.

Occasionally, delays in repairs occur due to back-ordered parts and other circumstances outside MBC's control. Delays occurring for such circumstances will not be considered an unreasonable performance of the repairs.

Warranty Starts: The warranty period starts on the date the vehicle is delivered to the first retail purchaser or lessee or put in service as an Authorized Mercedes-Benz Dealership demonstrator or MBC company vehicle but no later than 24 months from the vehicle production date. If applicable, warranty coverage will be adjusted to reflect the actual warranty period start date.

Warranty Period: This Warranty is for is 48 months or 80,000 km, whichever occurs first, from the warranty start date – that is, from the date of delivery of the vehicle to the first retail purchaser OR from the date the vehicle was placed into service as a dealer demonstrator or as Mercedes-Benz Canada Inc. company vehicle, if earlier.

Warranty coverage for specific components or adjustments is based on the vehicle's time in service or mileage and should always be verified with your Authorized Mercedes-Benz Dealership prior to any repairs. Examples include, but are not limited to :

- Wheel alignment and balancing
- Wiper blades and inserts
- Remote control key batteries

Warranty Availability: This warranty is only available at Authorized Mercedes-Benz Dealerships within Canada. THIS WARRANTY IS NOT AVAILABLE FOR VEHICLES EXPORTED FROM CANADA. The only exception is for vehicles taken to the United States or Mexico on a temporary basis, such as for vacation purposes, where warranty service may be requested from an Authorized Mercedes-Benz Dealership.

Warranty Start Date And Reduction: The warranty period starts on the earliest of i) the date the vehicle is delivered to the first retail purchaser; or ii) the date the vehicle is put in service as a Dealer demonstrator or MBC company vehicle (the "Warranty Start Date"). Where the delivery or in-service date is more than 24 months after the production date, the warranty reductions described below shall apply.

From Production Date	Warranty Reduction (other models)
Up to 24 months	0
24 months + 1 day to 30 months	6 months
30 months + 1 day to 36 months	12 months
36 months + 1 day to 42 months	18 months
42 months + 1 day to 48 months	24 months
Over 48 months	48 months

Adjustment Period: Minor repairs normally not connected with the replacement of parts, such as adjustments necessary to correct defects. If a part should become loose or misaligned during normal use or service, it will be corrected without charge within this period.

- Wiper blades will be covered for the duration of the adjustment period
- Wheel alignment and balancing are covered one time only under adjustments (*adjustments for road crown are not covered*)
- Remote control key batteries (covered for the first 90 days only)

Parts components replaced or adjustments made during the warranty period will not serve to extend the New Vehicle Limited Warranty. Please see "Items Not Covered by this Warranty" on Page 10 below for adjustments or components that are not covered under the New Vehicle Limited Warranty.

New Vehicle Limited Warranty

Items which are NOT covered:

Third Party Externally Connected Electrical Products: This warranty does not apply to hardware or software of a third party device that is connected to the vehicle or its components, even if integrated or delivered with the vehicle. Mercedes-Benz is not responsible for the quality or accuracy of any information, or service accessed through or from any third party device or platform. Software distributed by Mercedes-Benz inside or outside the vehicle (including, but not limited to system software or applications) is not covered by this warranty. Mercedes-Benz does not warrant that connections to, from or through the vehicle will be uninterrupted or error-free. Also, the user should back-up their data and information frequently. Mercedes-Benz is not responsible for any loss or damage to data or information made available in connection with the use of the vehicle. In addition, this warranty does not apply:

- (a) to consumable parts that are designed to diminish over time, unless failure has occurred due to a defect in materials or workmanship;
- (b) to damage caused by use with another product or service;
- (c) to damage caused by a third party device or service (including upgrades and expansions), or
- (d) to obsolescence or lack of utility due to incompatibility with future versions of external hardware or software, including, but not limited to mobile devices.

Tire and Rim Damage: Damage to the tires such as punctures, cuts, snags, bruises, impact damage and breaks resulting from pothole impact, curb impact or from other objects/road hazards, is not covered. Damage from incorrect inflation, excessive axle load, high speed spinning (when stuck on ice or in snow), tire chains, racing or competitive driving events, incorrect mounting or demounting, improper puncture repair, misuse, racing or competitive driving events, use on a closed-circuit race track, off-road trails and tracks, negligence, alteration and misapplication, are not covered. Rapid or irregular tire tread wear due to lack of tire rotation according to the recommended intervals specified in your vehicle's maintenance booklet or incorrect wheel alignment or tire balance is not covered. Tire tread wear is also not covered. Damage to the rims resulting from pothole impact, curb impacts, or from other objects/road hazards is not covered.

Software: Any damage to the vehicle, including, but not limited to, your vehicle's hardware or software, or damage to any data uploaded to your vehicle resulting from access to vehicle data or software from any source, including, but not limited to, non-Mercedes parts or accessories, modifications, third party applications, viruses, bugs, malware, or any other form is not covered under warranty.

Normal Wear And Tear: Repairs or replacement due to normal wear and tear or as part of regular maintenance is not covered.

Wheel Alignment: Adjustments for road crown (a side-to-side arch for drainage) are not covered.

Wiper Blades And Inserts: Damaged or worn wiper blades and wiper blade inserts are not covered after 12 months or 20,000 km, whichever occurs first.

Damage Due To Accidents, Misuse Or Negligence: Damage due to negligence, fraud, improper adjustments, modification, alterations, disconnection, or tampering is not covered. Accidents or damage from objects striking the vehicle are not covered. Misuse of the vehicle such as driving into or over potholes, curbs, or other objects/road hazards; overloading, driving through high standing water or flooded areas, improper operation, storage, or transport is not covered.

Damage Due To Lack Of Maintenance: Lack of proper maintenance as described in the service schedule. Use of service parts or fluids that are non-approved by Mercedes-Benz may cause damage not covered by the warranty.

Damage Due to Alterations : Alterations by changing or adding to the vehicle can adversely affect its performance, reliability and longevity and are not covered by this warranty.

Noise, Vibration or Harshness: Your vehicle is a mechanical device. All mechanical devices will exhibit some form of noise and/or vibration and such conditions may differ from vehicle to vehicle. Noises and vibrations such as wind and brake noises or road vibration are a normal operating condition of the vehicle and are not covered by this warranty.

Driver Assist Features: Any failure of blind spot detection, auto-steering, self-driving, or other driver assistance features to operate as the user might expect which is not caused by malfunctioning hardware.

Normal Maintenance is Owner's Responsibility: Cleaning and polishing, checking, adding and, when necessary, changing fluids and filters, replacing worn wiper blades, wiper rubber inserts, brake pads and discs, and clutch discs and pressure plates are some of the normal maintenance services required and are not covered by this warranty.

Damage Caused by Improper Body Repairs: Damage or malfunctions caused by body repairs not performed in accordance with Mercedes-Benz specified repair procedures or otherwise improperly performed are not covered by this warranty.

Altered Odometer: No warranty coverage shall apply to any vehicle on which the odometer has been altered and/or the actual kilometers or distance travelled cannot be determined.

Damage To Glass: Glass breakage or scratches are not covered unless positive physical proof of a manufacturing defect can be established.

Damage Caused By Outside Influences And The Environment: Damage from accidents or acts of nature or other events beyond the control of Mercedes-Benz Canada is not covered by this warranty (including but not limited to fire, flood, earthquake). Parts made from cloth or leather (upholstery, convertible tops, trim items), wood, paint or chrome which have been affected by airborne fallout, such as chemical and tree sap, or by road salt, hail, driving through high water, flooded areas and extreme storm conditions, windstorm or other environmental factors are not covered by this warranty.

Extra Expenses: This warranty does not cover payment for loss of use of the vehicle during warranty repairs nor lodging bills, substitute transportation rentals, or other travel costs, telephone calls, loss of pay, or other economic loss or consequential damages.

Changes In Design: Improvements and changes in design or additions to Mercedes-Benz vehicles occur regularly and in the normal course of product development. The manufacturer has reserved the right to make any changes in design or to make additions to, or upon, its products without incurring any obligations to install the same equipment on motor vehicles previously built.

Racing Or Competitive Events: This warranty does not cover the costs of repairing damage or conditions caused by racing or from use on closed-circuit race tracks, nor does it cover the repair of any defects that are found as the result of participating in a racing event.

Damage To Interior Surfaces: Damage to finished interior surfaces such as upholstery, wood, leather, suede, plastic, chrome, glass, rug, and paint caused by external influence, misuse, or negligence is not covered. Some examples include, but are not limited to, spills, chafe marks, scratches, and impressions from heavy objects or clamping force (such as a strap or mounting device). Damage from the use of third party accessories such as steering wheel locks or vent-mounted air fresheners is also not covered.

Improper Filters/Fluids: Damage caused by the use of improper filters, fluids, cleaners, polishes, or waxes is not covered. Original equipment remote control key batteries are covered for 90 days after the Warranty Start Date.

General

Mercedes-Benz will make any repairs or replacements necessary to correct *defects* in material or workmanship, but not design, arising during the warranty period at no charge to you in accordance with the terms and conditions of this warranty. All we ask is that you properly maintain and care for your vehicle and have warranty repairs performed by your Authorized Mercedes-Benz Dealership. This new vehicle limited warranty, however, does not mean that your vehicle is or will be free from any defects.

It is also important to understand the difference between “defects” and “damage” as used in this warranty. “Defects” in materials or workmanship are covered by the manufacturer and Mercedes-Benz is responsible for such conditions. However, Mercedes-Benz has no control over damage or loss to a vehicle caused by certain *external* events, factors or conditions, including but not limited to, fire theft, collision, misuse or abuse, improper adjustments or repairs, lack of or improper maintenance, or environmental conditions (such as road debris, tree sap, road salt, hail or lightning, *etc.*) as described in more detail in this warranty under the section ***Items that are not Covered***. Accordingly, loss or damage resulting from such external events, factors or conditions, for whatever reason, is not covered under this Warranty.

In addition, parts and components can and do fail or deteriorate for reasons unrelated to a defect in materials or workmanship. For instance, normal wear and tear of certain vehicle parts or components (brakes, windshield wipers) is not the result of a defect in those parts or components. Moreover, certain vehicle conditions (such as noise or vibrations) can be a normal operating characteristic or condition of the vehicle.

Mercedes-Benz is committed to ensuring your complete satisfaction with your vehicle and ownership experience. Accordingly, it is important that you ensure your vehicle is properly maintained and serviced by bringing your vehicle to an Authorized Mercedes-Benz Dealership where specially trained technicians and advisors can inspect and carry out any necessary repairs or corrections to your vehicle, including warranty repairs and corrections.

IT IS THE OWNER'S RESPONSIBILITY TO MAINTAIN THE VEHICLE ACCORDING TO THE RECOMMENDED SERVICE SCHEDULE. ALL MAINTENANCE SERVICES MUST BE ACCOMPLISHED TO KEEP YOUR WARRANTY COVERAGE VALID. WHEN REQUESTING SERVICE OR REPAIR WORK UNDER WARRANTY, THE OWNER MUST PRESENT TO THE AUTHORIZED MERCEDES-BENZ DEALERSHIP EVIDENCE THAT THE PERIODIC SERVICING REQUIREMENTS HAVE BEEN ACCOMPLISHED. RECEIPTS COVERING COMPLETION OF REQUIRED SERVICING SHOULD BE RETAINED IN THE EVENT A QUESTION ARISES CONCERNING MAINTENANCE.

If the owner has a warranty claim and can show through receipted invoices that the vehicle has received the required servicing, the Authorized Mercedes-Benz Dealership will perform the warranty work without charging for parts and labor. It is the responsibility of the owner to prove and the Authorized Mercedes-Benz Dealership to judge whether the required maintenance service has been performed.

For service information, please refer to the Service Booklet posted on our website [here](#) for Mercedes-EQ passenger cars.

Mercedes-Benz's obligation under this warranty is limited to the authorization to exchange or repair at its option such parts which are acknowledged by it to be defective. In case of defective assemblies, factory rebuilt units can be used in exchange instead of their repair. The replaced defective parts or assemblies shall become the property of Mercedes-Benz. Warranty repairs do not constitute an extension of the original warranty period for the vehicle or a part thereof.

The term “adjustments” as used in the warranty relates to minor repairs normally not connected with the replacement of parts. The warranty covers adjustments necessary to correct defects. For example, if a part should become loose or misaligned during normal use or service, it will be corrected without charge any time during the 12 months or 20,000 kms (the “**Adjustment Period**”).

Insurance Write-Off; or Repaired or Replaced Parts

Any vehicle which has been damaged to such an extent that the owner, insurer, financing institution or leasing company determined the vehicle to be a “total loss”, “write off” or equivalent, is not covered by this warranty. This includes but is not limited to vehicles issued a “salvage”, “scrap”, “dismantled” or similar title under any applicable law.

Any parts repaired or replaced under an insurance claim or required as a result of events which are not covered under this warranty (see “Items Which Are Not Covered”, (**Page 10**)), for example, damages due to accidents, misuse, or negligence, and in either case, any subsequent consequential damage to the vehicle are not covered by this warranty.

Theft Relevant Parts

Certain anti-theft relevant parts require special training and tools to ensure proper installation and calibration. Improper installation and/or control of such anti-theft parts may increase the risk of vehicle theft and/or other fraudulent acts. Accordingly, to help ensure the security of our customers and their vehicles, anti-theft parts are only available from an authorized Mercedes-Benz dealer.

Paint and Other Appearance Items

Defects in paint, trim or other appearance items are normally taken care of during our new vehicle preparation or by the Authorized Mercedes-Benz Dealership during new vehicle inspection. We suggest that if you find any paint or appearance problems that you advise your Authorized Mercedes-Benz Dealership as soon as possible since deterioration due to use and exposure is not covered by the warranty.

The instructions in your Operator’s Manual regarding the care of paint, upholstery, trim items and convertible tops, as applicable, must be followed explicitly to maintain your warranty coverage.

Body Repair Information

Collision repairs or paint or bodywork are never welcome but should your vehicle require collision or body work, Mercedes-Benz Canada has in place a network of certified collision and body repair facilities that can perform any necessary collision repairs or paint and bodywork on your vehicle.

Mercedes-Benz strongly recommends that any paint work/body repairs be performed using genuine Mercedes-Benz parts by repair facilities which have been certified or authorized by MB Canada as having the necessary tools, equipment and training to perform such repairs. MB Canada has certified a network of body repair facilities which are qualified to perform both cosmetic and structural repairs to your vehicle.

While the vehicle owner may elect to have repairs (collision damage/paint repair work) performed by any automobile body repair establishment or individual, damage or malfunction caused by body repairs not performed in accordance with Mercedes-Benz specified repair procedures are not covered by the Mercedes-Benz New Vehicle Limited Warranty.

Should your vehicle require paint work/body repair or if you have any questions please contact your Dealer or call 1-800-387-0100.

Customer Repair Orders

MB Canada does not maintain copies of Repair Orders on warranty repairs performed. Your servicing Authorized Mercedes-Benz Dealership will give you a copy of the Repair Order on all warranty repairs performed. Please keep this copy with your vehicle records. **It is your obligation to obtain and keep these records.**

Tires

Tires are warranted by the tire manufacturer. As many Dealers are also authorized tire dealers, they may be able to assist you to obtain tire adjustments.

Charging Station Adapter Policy

To avoid risk of serious injury and property damage when charging at NACS-compatible DC stations with an adapter, you must only use adapters sold or provided by Mercedes-Benz. Your use of any other adapter with NACS-compatible charging stations is strictly prohibited. Ensure that you follow all instructions contained in the User Manual accompanying the Mercedes-Benz adapter.

MB Canada reserves the right to make all final decisions regarding warranty matters.

Note: Your vehicle is a mechanical device. All mechanical devices make some sort of noise and/or vibration, and these noises and vibrations can differ from vehicle to vehicle. Mercedes-Benz recognizes those noises as normal and characteristic of the product. Normal noises or vibrations as determined by Mercedes-Benz can be anything from brake squeal to road vibration. Therefore, normal noise and/or vibration and/or deterioration as determined by Mercedes-Benz or its representative are not covered by this warranty.

Corrosion Warranty

This Warranty Covers:

Surface Corrosion:

- Surface corrosion for a period of 48 months or 80,000 km from the Warranty Start Date, whichever occurs first.

Perforation:

- Perforation due to corrosion for a period of 60 months (unlimited kilometers) from the Warranty Start Date.

All Models:

1. If any defects should be found which cause surface corrosion or perforation (as defined below) within the respective periods stated above, any Dealer will repair or replace (at its sole option) such defects to any vehicle body parts (defined below), provided your vehicle demonstrates adherence to the Operator's Manual and service schedule for the care and maintenance of the vehicle as outlined therein. All parts replaced under this warranty become the property of MBC.
2. "Surface corrosion" means rust or corrosion affecting any readily visible surface area of the vehicle body but not including external damage to paint or plated surfaces or rust or corrosion resulting from damage by stone chips or other impacts.
3. "Perforation" means the rust or corrosion of any components of the vehicle body through from the inner surface to the outer surface.
4. "Vehicle Body" means any moving or non-moving metal components of the vehicle including parts replaced under this warranty, but not including those components which form part of the vehicle underbody, powertrain, steering, suspension, or braking.

This Corrosion Warranty Does Not Cover:

1. Surface corrosion or perforation to Vehicle Body components that were repaired, replaced or refinished after the vehicle was first sold at retail, other than (i) repairs, replacements or refinishes performed under this warranty; or (ii) replacements due to accident or damage ONLY WHERE SUCH REPLACEMENTS ARE GENUINE MERCEDES-BENZ PARTS, AND ARE RETREATED WITH GENUINE MERCEDES-BENZ BODY CAVITY RUST-PROOFING AND REFINISHING MATERIALS.
2. Surface corrosion or perforation to the Vehicle Body caused by abuse or improper maintenance.
3. Surface corrosion or perforation where paint has been damaged by road hazards, such as stones and debris.
4. Surface corrosion or perforation caused by a part of the Vehicle Body being submerged in water, sand or mud, or exposed to corrosive gas or airborne fallout, such as chemicals and tree sap, or by road salt, hail, windstorm or other environmental factors.
5. Paint matching. (Mercedes-Benz reserves the right to decide whether painting the repaired or replaced panel to match the original finish is practicable. Mercedes-Benz is not liable under any circumstances for the costs of painting the entire vehicle solely for paint matching.)

NOTE: THE INSTRUCTIONS IN YOUR OPERATOR'S MANUAL REGARDING CLEANING AND CARE FOR THE VEHICLE MUST BE FOLLOWED EXPLICITLY TO MAINTAIN THE CORROSION WARRANTY COVERAGE.

TO ENSURE FULL WARRANTY COVERAGE, ANY REPAIR OR REPLACEMENT MUST BE PERFORMED ACCORDING TO THE MANUFACTURER'S REPAIR INSTRUCTIONS.

THIS WARRANTY APPLIES ONLY TO VEHICLES ORIGINALLY SOLD BY AN AUTHORIZED MERCEDES-BENZ DEALER IN CANADA AND THAT ARE NORMALLY OPERATED IN CANADA . SUBSEQUENTLY, THIS WARRANTY ONLY APPLIES WHEN PRESENTED TO A CANADIAN DEALER FOR REPAIR.

Battery Limited Warranty

General

This Battery Limited Warranty (“**Battery Coverage**”) supplements the warranty coverage for the lithium-ion battery in a Mercedes-Benz EQ vehicle offered under the New Vehicle Limited Warranty (“**Vehicle Warranty**”). This Battery Coverage is separate from and in addition to the express conditions and warranties set forth in the Vehicle’s Warranty and in no way alters or extends that coverage. Depending on your model, it is equipped with one or two main batteries. The service life of the battery(s) depends on the condition of charge.

Items That Are Covered:

For warranty claims specific to battery capacity, the replacement battery will be in a condition appropriate to the age and mileage of the vehicle sufficient to achieve or exceed the minimum battery capacity for the remainder of the warranty period of the original battery. Note that the vehicle’s range estimates are not a perfect measure of battery capacity because vehicle range is affected by a number of additional factors apart from battery capacity. The measurement method used to determine battery capacity, and the decision of whether to repair, replace, or provide reconditioned or re-manufactured parts, and the condition of any such replaced, reconditioned, or re-manufactured parts, are at the sole discretion of Mercedes-Benz.

BATTERY COVERAGE: Mercedes-Benz Canada warrants the certified lithium-ion battery in a Mercedes-Benz EQ vehicle to the original and each subsequent owner for:

- Any repairs or replacements necessary to correct defects in material or workmanship to the battery arising after the expiration of the Vehicle’s warranty.
- Any repair or replacement of the battery if the battery’s capacity drops below:
204 Ah (EQE), 192 Ah (EQS), 133 Ah or 160 Ah (EQB), 204 Ah (EQE SUV), 197 Ah (EQS SUV) during the Battery Coverage.

Owner’s Responsibility: It is the owner’s responsibility to maintain the vehicle according to the applicable Maintenance Schedule provided. All required maintenance services must be accomplished to keep the Battery Coverage valid.

If you drive the vehicle less than 300 km per month, mostly for short distance trips or if it is not driven for more than three (3) weeks at a time, it is your responsibility to have the battery’s state of charge checked. Please observe the battery charging instructions set out in the Operator’s Manual.

Battery Coverage Period:

The Battery Coverage starts on the same date as the Vehicle’s Limited Warranty as provided above.

For any battery maintaining its certified status (as described above), the length of this Battery Coverage is:

- 10 years/250,000 kilometers (whichever occurs first) for EQE, EQE (SUV), EQS, and EQS (SUV).
- 8 yrs / 160,000 kilometers for EQB, CLA250, CLA350 and G580

Availability Of Battery Coverage: This Battery Coverage has the same geographic restrictions as set out in the Vehicle Warranty above, including restrictions against the applicability of the Battery Coverage outside of Canada.

Lithium-Ion Battery Capacity Coverage: The battery is warranted to maintain at least : 204 Ah (EQE), 192 Ah (EQS), 133 Ah or 160 Ah (CLA250, CLA350 and G580), 204 Ah (EQE SUV), 197 Ah (EQS SUV), for the duration of this warranty. The coverage under this warranty includes any repairs required to maintain the battery's minimum capacity. If possible, the battery's components will be repaired or replaced and the original battery returned to the vehicle. However, if necessary, the battery will be replaced either with a new or factory re-manufactured lithium-ion battery. Any repair or replacement may not return the battery to an "as new" or 100% energy capacity but will have at least the following capacity (depending on the model) 204 Ah (EQE), 192 Ah (EQS), 133 Ah or 160 Ah (EQB), 204 Ah (EQE SUV), 197 Ah (EQS SUV), for capacity.

Items Which Are Not Covered:

Exclusions From Battery Coverage: In addition to the Items which Are Not Covered under the Vehicle's Warranty (Page 10), the Battery Coverage does not cover damage or failures resulting from or caused by :

- Leaving the vehicle parked for more than 14 days with a 0% battery charge displayed
- Physically damaging or intentionally attempting to reduce the life of the lithium-ion battery
- Exposing the lithium-ion battery to a direct flame
- Immersing any portion of the lithium-ion battery in water or fluids
- Opening the lithium-ion battery enclosure or having it serviced by someone other than an Authorized Mercedes-Benz Dealership.
- Neglecting to follow correct charging procedures as recommended in the Operator's Manual
- Using incompatible charging devices
- Failure to repair an existing problem or otherwise properly maintain the vehicle
- Using the vehicle as a power source for alternative functions other than factory installed equipment.

Exclusions For Gradual Capacity Loss: The vehicle's battery, like lithium-ion all batteries, will experience gradual capacity loss with time and use. Loss of capacity due to or resulting from gradual capacity loss is not covered beyond the terms and limits specified in this Battery Limited Warranty (as set forth above). See the Operator's Manual for recommendations on how to maximize the life and capacity of the vehicle's lithium-ion battery.

Other Exclusions: In addition to the exclusions set forth above, this Battery Coverage does not cover the costs of repairing damage or conditions caused by:

- Accident, collision, or any object striking the vehicle
- Towing of the vehicle (Flatbed recommended)
- Abuse or negligence
- Failure to operate the vehicle in accordance with the Operator's Manual
- Misuse – such as towing, driving over curbs, overloading, using the vehicle as a power source, or for any other purpose for which the vehicle is not designed
- Use of replacements parts other than Genuine Mercedes-Benz parts
- Improper repair or maintenance
- Fire, explosion, earthquake, windstorm, lightning, hail, flood
- Normal wear and tear

No Coverage For Insurance Write-Off; Or Repaired Or Replaced Parts: Like the Vehicle's Warranty coverage, this Battery Limited Warranty provides no coverage of any kind if the owner, insurer, financing institution or leasing company determined the vehicle to be a "total loss," "write off," or equivalent, or for any parts repaired or replaced under an insurance claim, which are not required under the Vehicle or Battery Warranty coverage.

Obligations of the purchaser

1. The purchaser shall bear all expenses associated with the operation of the high-voltage battery, particularly electricity costs and insurance premiums. Maintenance and repair costs shall be assumed by the purchaser only if they are not assumed by Mercedes-Benz in accordance with the "Items That Are Covered" section.
2. The purchaser is responsible for ensuring that the high voltage battery is used exclusively as energy storage for the electric drive vehicle and is handled according to the manufacturer's operating instructions. In particular, the purchaser is obliged to the following:
 - The vehicle with a high-voltage battery must always be stored in accordance with the instructions for battery care in the vehicle Owner's Manual, provided that the high voltage battery is not connected to a power source.
 - The high-voltage battery must be charged properly, i.e. only the approved/recommended charging cable for the vehicle may be used.
 - The high-voltage battery must be charged, at the latest, within 14 days after the charge level of the high-voltage battery has reached zero (according to the charge level display in the vehicle).
3. The high-voltage battery must be used only as intended in the contract, be treated with sufficient care and protected from damage. The Purchaser and each subsequent purchaser may not make any modifications (e.g. tuning) or improper repairs to the high-voltage on-board electrical system and its components (electric motor, power electronics, charging unit, heating, air conditioning, wiring or the high-voltage battery itself). The purchaser may connect additional consumers only in accordance with the vehicle Owner's Manual. The purchaser shall ensure that the high-voltage battery is only used in a roadworthy and reliable condition.
4. The purchaser is obliged to have maintenance work carried out on the vehicle with high-voltage battery, including service and additional maintenance work, in accordance with Mercedes-Benz specifications within the indicated period, so that the necessary maintenance as well as wear and tear repairs can be correctly performed on the high-voltage battery. The service due date is displayed to the purchaser in the instrument cluster of the vehicle.

Warranty Service

Any Authorized Mercedes-Benz Dealership: To make a warranty claim under this Battery Coverage you must present your vehicle to an Authorized Mercedes-Benz Dealership in Canada so that an inspection and diagnosis can be performed on your vehicle to determine whether it is necessary to correct a defect in material or workmanship.

Any Authorized Mercedes-Benz Dealership will perform any necessary warranty repairs or replacements at no cost to you in accordance with the terms and conditions of this warranty. Your vehicle should be delivered to your Dealer during normal service hours and a reasonable time should be allowed after taking the vehicle to permit the Dealership to perform the necessary repairs or corrections. Please also allow for a reasonable time for your Dealer to order or obtain any necessary replacement parts or components in order to complete necessary repairs for your vehicle.

To locate a Mercedes-Benz dealership near you, please visit www.mercedes-benz.ca or contact the Mercedes-Benz Canada Customer Assistance Centre at cs.can@cac.mercedes-benz.com. In the event a warranty repair or other service matter is not handled to your satisfaction, see **(Page 21)** for suggested steps.

Your satisfaction is our primary concern. Mercedes-Benz Canada will do everything it can to assist your Authorized Mercedes-Benz Dealership in resolving your warranty problem or provide you with an explanation.

If You Have Questions Regarding Warranty or Service

Your satisfaction with Mercedes-Benz products and services is of primary concern to Mercedes-Benz and its Dealers. In the event a warranty or other service matter is not handled to your satisfaction, the following steps are suggested:

FIRST – Discuss the problem with your Authorized Mercedes-Benz Dealership management. Talk to the Service Manager, then if you still have questions, discuss them with the Authorized Mercedes-Benz Dealership's owner.

THEN – Request Clarification – If unanswered questions remain, ask your Dealer to contact the Regional Service Manager.

FINALLY – If you have additional comments or questions regarding your Mercedes-Benz after discussion with your Dealer and the Regional Service Manager, please email us: cs.can@cac.mercedes-benz.com

To Purchasers of Pre-Owned Mercedes-Benz Vehicles

If you purchased a pre-owned Mercedes-Benz vehicle before the expiration of its original warranty, you will be entitled to any unexpired portion of the warranty provided you establish your ownership and purchase date of the vehicle. Please contact our Customer Assistance Centre at cs.can@cac.mercedes-benz.com for further information.

We also ask that you provide us with notice of any change of ownership to help ensure you receive any notice of defect required to be given under the *Motor Vehicle Safety Act* or *Canadian Environmental Protection Act* or other applicable legislation, and to ensure any necessary steps can be taken to address any such safety or emissions related defect in your vehicle in a timely manner.

The Canadian Environmental Protection Act requires Mercedes-Benz AG to be in a position to contact Mercedes-Benz owners if a correction of a product defect becomes necessary.

In addition, should your address or contact information change, please do notify us as soon as possible and provide us with your updated information by contacting our Customer Assistance Centre at cs.can@cac.mercedes-benz.com

Roadside Assistance

Beyond the services and assistance provided through the network of authorized Mercedes-Benz dealers in Canada, Mercedes-Benz has a network of roadside assistance service providers should you require assistance in an emergency. The purpose of these roadside assistance service operators is to provide you, the Mercedes-Benz owner, with the peace of mind that, should you ever need it, help is available 24 hours a day, virtually anywhere in Canada or the continental United States.

Important Information

- Roadside Assistance services are included at no additional charge for the duration of the basic warranty coverage, extended limited warranty (ELW), if purchased, and the pre-owned limited warranty (PLW), if applicable.
- No responsibility can or will be assumed for delays in service caused by severe weather conditions.

Roadside Assistance Service Provided

In order to receive Roadside Assistance, you must remain with your vehicle. In addition, your vehicle must be plated and insured and be located on a regularly travelled road to receive Roadside Assistance services.

It is the responsibility of the owner/driver to ensure the vehicle is accessible and free of snow or obstructions. Service providers will not shovel snow or remove obstacles to gain access to the vehicle.

- **Battery Boost Service** – If your battery has run down, a service operator will provide a boost in an attempt to enable your vehicle to proceed under its own power.
- **Flat Tire Service** – If your vehicle has a flat tire, its serviceable inflated and mounted spare tire (where applicable) will be installed. Otherwise, the vehicle will be towed to the nearest Mercedes-Benz Dealer, as described below.
- **Winching and Extrication Service** – Your vehicle will be extricated/winched when it can be safely reached from a cleared, normally travelled road (vehicle must be able to proceed under its own power). This benefit does not apply to vehicles immobilized in a snow-covered driveway or parking lot. Any such service is at the owner's risk. *No responsibility can or will be assumed for vehicle damage.*
- **Towing Service** In the event of a mechanical breakdown, the vehicle will be towed to the nearest Mercedes-Benz Dealer. Note: Additional charges may apply for toll bridges, ferries or if the vehicle is more than 80 km away from an Authorized Mercedes-Benz Collision Centre. Charges will be determined by the service operator at the tow location.
- **Lockout Assistance** – If you have lost or locked your keys in your vehicle, a service operator will be dispatched to help you gain entry into your vehicle. The cost of labour and/or replacement keys is not included. In the event that vehicle entry cannot be gained, your vehicle will be towed to the nearest Dealer.

You must have your vehicle identification number (VIN) available when calling Roadside Assistance. Your 17 digit VIN can be found in the driver's side bottom corner of the windshield, or on the driver's side door pillar below the latch. It is usually also located on your ownership or insurance documents.

Trip Interruption Benefits

In the event of a non-accident related mechanical breakdown that makes your vehicle unfit to proceed under its own power, the Mercedes-Benz Roadside Assistance Program will provide reimbursement benefits while the vehicle is being repaired, according to the following terms and conditions, provided your vehicle was towed by benefit of Mercedes-Benz Roadside Assistance and original receipts are provided. (Note : This benefit does not apply for towing required as a result of an unsuccessful tire service, as this is not considered a mechanical breakdown.)

If the breakdown occurs less than 80 km from home

- Alternate transportation – (up to \$100.00 per incident).
- Incidentals – include a telephone and parking expense (up to \$25.00 per incident).

If the breakdown occurs more than 80 km from home

- Accommodation – hotel accommodation for up to five (5) nights in the vicinity of the breakdown or repair facility (up to \$500.00 per incident), providing the accommodations were not booked prior to the breakdown. (Note, reimbursement will not be provided for meals, alcoholic beverages or gratuities.)
- Alternative Transportation – includes commercial airfare, vehicle rental (excluding fuel costs and drop-off fees), taxi/ride share or other regular commercial transportation (up to \$600.00 per incident).
- Incidentals – includes telephone and parking expense (up to \$25.00 per incident).

Trailer Towing

Trailer towing service is included but is limited to one tow per breakdown and does not include winching.

Tow is to a safe location and not to the Mercedes-Benz Dealership.

Mercedes-Benz Roadside Assistance and its service provider will not assume any responsibility for any contents and/or personal items contained in the trailer damaged as a result of service provided or for any costs associated with trailer storage while your Mercedes-Benz vehicle is under repair.

Mercedes-Benz Roadside Assistance and its service operators reserve the right to deny service if the contents of the trailer exceed that of the “cargo insurance” carried by the particular facility performing the towing service.

How to claim for reimbursement

1. Claims must be submitted to Mercedes-Benz Roadside Assistance within **thirty (30) days** of the date of the breakdown.
2. Indicate the cause and the location of the breakdown. Towing claims must be accompanied by the **original** towing bill and submitted to <https://roadsideclaims.xperigo.com>.
3. Enclose a photocopy of the detailed repair bill, and the **original** invoices/receipts of the costs incurred. This benefit applies to expenses incurred by you within seventy-two (72) hours of your Mercedes-Benz breakdown. We recommend that you retain a copy of all receipts for your records.
4. The vehicle must be towed to a Dealer to qualify for towing reimbursement or Trip Interruption.
5. A cheque or e-transfer shall be sent to you upon receipt and review of your claim information. (Please allow 4-6 weeks for processing.)
6. Reimbursement applies for breakdowns occurring anywhere in Canada or the continental United States and is subject to the terms and conditions set forth by Mercedes-Benz Canada.
7. For reimbursement, please submit claims online at <https://roadsideclaims.xperigo.com>.

What To Do in the Event of a Collision

In case of personal injury, call 911 or the police immediately. If you are not sure whether your Mercedes-Benz vehicle can be operated safely or without causing further damage to your vehicle, please contact Roadside Assistance at 1-800-387-0100 for assistance. Roadside Assistance will dispatch a tow truck to your location and transport the vehicle to a Mercedes-Benz Dealer or authorized Mercedes-Benz Collision Centre as necessary. Certain charges may apply if the vehicle is required to be towed to another location or to a non-Mercedes-Benz repair facility.

Liability and Limitations

Mercedes-Benz reserves the right to limit Roadside Assistance services and reimbursement to an owner or driver when, in the sole judgment of Mercedes-Benz, the claims become excessive in frequency or type of occurrence. Mercedes-Benz also reserves the right to revise or discontinue the described benefits/services at any time, without notice, at its sole discretion.

All Roadside Assistance service operators providing service are independent contractors and are not employees of Mercedes-Benz. Therefore, the Mercedes-Benz Roadside Assistance Program cannot and does not assume any liability or responsibility for any loss or damage to your Mercedes-Benz vehicle or your personal property resulting from the provision of such services. Service operators may decline to provide service if the vehicle is unattended when the service operator arrives at the vehicle location. The service operator will also not be liable for any theft or damage of the vehicle and/or its contents while it is left unattended by you, even if service is provided by the service provider.
